### **Relationships and Sex Education policy**

#### **Our Vision**

Jesus said 'As I have loved you, so you must love one another.' John 13, 34

This commandment guides us all to love and value all members of the school community. Children and adults from all backgrounds will thrive in the belief that diversity is to be celebrated and respected. As well as loving those who are present in our lives they will interact in the world in ways that reflect their responsibilities as global citizens and custodians of our planet. Our children will make an impact in the wider world which will benefit future generations

Love is Patient  
Love is Kind  
Love is Honest  
It trusts, hopes, perseveres and protects.

## 1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- Help all pupils gain skills and wisdom in relationships with others, within the Christian ethos of the school.
- Help pupils understand a view of relationships and sex as good gifts which bring responsibilities and contribute to human flourishing.
- Create a positive culture which helps pupils understand issues of sexuality and relationships.
- Help all pupils to know how to keep themselves and others safe in the context of a variety of relationships.
- Help pupils develop self-respect, confidence, empathy and respect for others.
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene.
- Teach pupils the correct vocabulary to describe themselves and their bodies.
- Work in partnership with parents and carers in helping pupils gain the skills they need in these areas, recognizing the responsibility they hold of ensuring their children grow and mature into healthy adults.
- Provide a framework in which sensitive discussions can take place and pupils can reflect on and understand that some people will have different and strongly held views on some of the issues.

The RSE curriculum will be implemented in a sensitive way, in accordance with the Christian values of the school, taking into account the diverse backgrounds of the communities we serve.

## 2. Statutory requirements

As a maintained primary school, we must provide relationships education to all pupils under section 34 of the [Children and Social Work Act 2017](#).

We are not required to provide sex education, but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state, as outlined in section 403 of the [Education Act 1996](#).

We must also have regard to our legal duties set out in:

- Sections 406 and 407 of the Education Act 1996
- Part 6, chapter 1 of the [Equality Act 2010](#)
- The Public Sector Equality Duty (as set out in section 149 of the Equality Act 2010). This duty requires public bodies to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations between different people when carrying out their activities

At Shinfield St Mary's we teach RSE as set out in this policy.

### 3. Policy development

Parents and stakeholders were consulted when developing and reviewing this RSE policy. This policy has been developed in consultation with staff, pupils and parents and then agreed by governors. Governors and leaders will review the policy annually

### 4. Definition

Relationship Education (RE) concerns the development of pupils' understanding and ability to have positive, healthy, meaningful and sustained relationships of all kinds. It concerns the emotional, social and cultural development of pupils, and includes healthy living, personal identity, the importance of being in relationships with others, healthy relationships and staying safe, and respecting others. We have chosen to teach Sex Education, although this is not a statutory requirement for primary schools. Sex education concerns the development of pupils' understanding of sex, sexual health and human sexuality.

All RSE involves a combination of sharing information, and exploring issues and values. RSE will always be taught in an age appropriate manner, and will be taught in ways which recognises the cultural and religious backgrounds of all those in the school community

### 5. Curriculum

Our RSE curriculum is set out as per Appendix 1, but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, pupils and staff, and taking into account the age, developmental stage, needs and feelings of our pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so that pupils are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see our curriculum map in Appendix 1.

### 6. Delivery of RSE

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. We use SCARF: (Safety, Caring, Achievement, Resilience, Friendship) as the basis for these lessons. Biological aspects of RSE are taught within the science curriculum.

Lessons will typically be delivered by the class teacher; however, health professionals may be used to support the delivery of teaching if available.

Across all Key Stages, pupils will be supported with developing the following skills:

- Communication, including how to manage changing relationships and emotions
- Recognising and assessing potential risks
- Assertiveness
- Seeking help and support when required
- Informed decision-making
- Self-respect and empathy for others
- Recognising and maximising a healthy lifestyle
- Managing conflict

- Discussion and group work

These skills are taught within the context of family life. See Appendix 2 for an overview of curriculum content taught in each year group.

Pupils also receive stand-alone sex education sessions. Please see Appendix 2 for information about what is covered. Parents have the right to withdraw their child from these sessions. Information will be provided to parents regarding the curriculum content of these sessions. If a parent is considering withdrawing their child from these sessions, we encourage them to speak to the Headteacher.

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life, taking care to make sure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents and foster parents/carers, amongst other structures), along with reflecting sensitively that some children may have a different structure of support around them (for example, looked-after children or young carers).

We will also be mindful of the law and legal requirements, taking care not to condone or encourage illegal political activity, such as violent action against people, criminal damage to property, hate crime, terrorism or the illegal use of drugs.

## 6.1 Inclusivity

We will teach about these topics in a manner that:

- Considers how a diverse range of pupils will relate to them
- Is sensitive to all pupils' experiences
- During lessons, makes pupils feel:
  - Safe and supported
  - Able to engage with the key messages

We will also:

- Make sure that pupils learn about these topics in an environment that's appropriate for them, for example in:
  - A whole-class setting
  - Small groups or targeted sessions

- 1-to-1 discussions
- Digital formats
- Give careful consideration to the level of differentiation needed

## 6.2 Use of resources

We **will** consider whether any resources we plan to use:

- Are aligned with the teaching requirements set out in the statutory RSE guidance
- Would support pupils in applying their knowledge in different contexts and settings
- Are age-appropriate, given the age, developmental stage and background of our pupils
- Are evidence-based and contain robust facts and statistics
- Fit into our curriculum plan
- Are from credible sources
- Are compatible with effective teaching approaches
- Are sensitive to pupils' experiences and won't provoke distress

## 7. Use of external organisations and materials

We will make sure that an agency and any materials used are appropriate and in line with our legal duties around political impartiality.

The school remains responsible for what is said to pupils. This includes making sure that any speakers, tools and resources used don't undermine the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs.

We **will**:

- Make appropriate checks and engage with external agencies to make sure that their approach to teaching about RSE is balanced, and it and the resources they intend to use:
  - Are age-appropriate
  - Are in line with pupils' developmental stage
  - Comply with:
    - This policy
    - The [Teachers' Standards](#)
    - The [Equality Act 2010](#)
    - The [Human Rights Act 1998](#)
    - The [Education Act 1996](#)
- Only work with external agencies where we have full confidence in the agency, its approach and the resources it uses
- Make sure that any speakers and resources meet the intended outcome of the relevant part of the curriculum
- Review any case study materials and look for feedback from other people the agency has worked with
- Be clear on:
  - What they're going to say

- Their position on the issues to be discussed
  - Ask to see in advance any materials that the agency may use
  - Know the named individuals who will be there, and follow our usual safeguarding procedures for these people
  - Conduct a basic online search and address anything that may be of concern to us, or to parents and carers
  - Check the agency’s protocol for taking pictures or using any personal data they might get from a session
  - Remind teachers that they can say “no” or, in extreme cases, stop a session
  - Make sure that the teacher is in the room during any sessions with external speakers

We **won’t**, under any circumstances:

- Work with external agencies that take or promote extreme political positions
- Use materials produced by such agencies, even if the material itself is not extreme

## 8. Roles and responsibilities

### 8.1 The governing board

The governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

### 8.2 The headteacher

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from the non-statutory components of RSE (see section 9).

### 8.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

### 8.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

## 9. Parents’ right to withdraw

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory components which are covered within the Science curriculum of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

Alternative school work will be given to pupils who are withdrawn from sex education.

## 10. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

## 11. Monitoring arrangements

The delivery of RSE is monitored by Sophy Olive, our PSHE subject lead through:

- Planning scrutinies, learning walks, evidence of children's work and lesson observations.
- Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by the PSHE subject lead and at every review, the policy will be approved by the children's and Learning Committee.
